

LEMAN ACADEMY OF EXCELLENCE FEE SCHEDULE

The fees below are given in a range because there is an expectation that processing some fees will cause the school to incur a small administrative expense, and from grade to grade, fees will not be the same (field trips are a good example of this). The general intent is to pass actual expenses through to parents and include administrative fees if / when necessary. Our goal is to keep prices as low as possible, support the needs and priorities of teachers, and consider the school's financial responsibilities. A range of fees will prevent Lemman Academy from incurring a deficit for any given aspect of programming and allow for true costs to be identified. Many of the activities below are grade specific and a single student will not incur all costs below in a single year.

PROPOSED FEE SCHEDULE:

- School Supplies: \$100 - \$125
- Academic Consumables: \$20 - \$40
