- Lunch Program Upgrade

I recommend Lemman all the time. The teachers, the curriculum, the staff and the general philosophy of the school are amazing!

We love the classical methodology used by Lemman, particularly the emphasis on character growth and values. The teachers care deeply about their students and work together with parents to teach kids and address any concerns

The education is wonderful, the faculty and staff are amazing and the values they reinforce and continue to instill in our children is so appreciated and valued!

GREAT staff, great learning environment, and they push our kids to be better academically and personally.
