

Leman Academy School Directory Authorization

Leman Academy has partnered with DirectorySpot for our school directory. DirectorySpot makes keeping in touch with your school community easy. With both an online version and apps for both iOS and Android devices, parents, teachers, and staff can access the directory wherever they go. Quickly find parent and teacher information, see class lists, and review the school calendar.

The DirectorySpot mobile app is a true app (not a mobile website) that parents love because they can quickly click to get to information they need regardless of the speed of their internet connection. To see all the great features, please visit: <https://www.directoryspot.net/school-features.php>
