Parent Acknowledgement

Prior to selecting assessment(s) for excusal, please review the information below. By submitting an excusal request, you are acknowledging your review of this important information.

- I understand Colorado requires all students enrolled in a public school to participate in state academic assessments as specified in the state law. I also understand that Colorado provides parents the right to excuse their child from state mandated testing.
- I understand the accuracy of state accountability data is impacted when students do not participate. The true performance of my child’s school and teachers will not be captured in the state-reported achievement and growth scores.
- I understand by excusing my child from specific state testing, my child and school will not receive this specific data to track progress.
- I understand my child will not be penalized by the school for not participating in state mandated testing (including, but not limited to, prohibiting school attendance, imposing an unexcused absence, or participation in extracurricular activities).
- I understand by selecting the following assessments, I am also excusing my child from the alternate forms of the assessment:
(CoAlt: Alternate Science and Social Studies)
(CoAlt: Alternate English Language Arts and Mathematics - DLM)
- Although on-site supervision cannot be guaranteed for students who do not take the state-mandated assessments, schools may use staff and volunteer resources to the best of their abilities to provide on-site supervision. Please check with your school for availability.
