

One important way in which we want to partner with you is by asking for your preferences regarding the school calendar for the upcoming school year.

Will you please take a moment to consider two calendar options and indicate your preference on this survey?

Here are the main differences between the two options:

Option A: school begins for Middle School (Grades 6–8) on Friday, August 7th and for Elementary on Wednesday, August 12th (Kindergarten) and Thursday, August 13th (1st-5th Grade). Then, school ends on Thursday, May 20th for all grades. [Click HERE to view this calendar option.](#)

Option B: school begins for Middle School (Grades 6–8) on Thursday, August 13th and for Elementary Wednesday, August 19th (Kindergarten) and Thursday, August 20th (1st-5th Grades). Then, school ends on Thursday, May 27th for all grades. [Click HERE to view this calendar option.](#)

The major breaks are all the same on both options, similar to previous years, and largely in alignment with the Douglas County School District (DCSD's) major breaks.

The Leman Classical School (LCS) Governing Board (for our charter school) has requested family and staff input on these two options. Your feedback by October 5th is crucial for the LCS Board to know which calendar to adopt for the 2026-2027 school year.
